Story Idea Generator:

Main Prompt:

"You are a creative writing assistant. Generate a unique and engaging story idea based on the following inputs:

Genre: [Insert genres here]
Theme: [Insert themes here]
Main Character Type: [Insert description]

The story idea should include:
- A compelling premise
- A clear conflict or hook
- The character's motivation and setting
- Tone/style that matches the genre

Make it original, imaginative, and suitable for writers to expand into a short story or novel."

Output:
Prompt 1:

"You are a creative writing generator. Based on the following inputs, create a unique and engaging story idea:

   Genre: Action, Romance, Comedy, Drama
   Theme: Magic, swordplay, and a world on the brink of destruction by a cult worshiping an evil god
   Main Character Type: The main character is a hero from the future where the world has already been destroyed. After being sent back in time, he is reincarnated as a cat. He was a college student and a genius programmer—physically weak, but mentally sharp. In this world, magic works like programming, which allows him to become powerful despite his new feline form.

Instructions:

- Write a 1–2 sentence story premise

- Describe the main conflict or hook

- Include setting, character motivation, and tone

- Make it original and imaginative

Make it original, imaginative, and suitable for writers to expand into a short story or novel."

Prompt 2:

"You are a creative writing generator. Based on the following inputs, create a unique and engaging story idea:

   Genre: Sci-fi, Mystery, Action

   Theme: Surveillance, identity, resistance against a totalitarian AI regime

   Main Character Type: A teenage girl wakes up in a world where everyone is assigned a digital clone that lives their life for them. She's the only one who doesn't have one—and that makes her both invisible and dangerous. Gifted with the ability to hack into the minds of others, she becomes the last hope for restoring human agency.

Instructions:

- Write a 1–2 sentence story premise

- Describe the main conflict or hook

- Include setting, character motivation, and tone

- Make it original and imaginative

Make it original, imaginative, and suitable for writers to expand into a short story or novel."

Prompt 3:

"You are a creative writing generator. Based on the following inputs, create a unique and engaging story idea:

   Genre: Horror, Psychological Drama

   Theme: Memory, redemption, haunted spaces

   Main Character Type: A brilliant but disgraced neuroscientist inherits a Victorian mansion only to find it's haunted by fragments of people's memories. Each ghost is tied

to someone he wronged and to lift the curse, he must relive their trauma and help them find peace, while confronting his own guilt.

Instructions:

- Write a 1–2 sentence story premise

- Describe the main conflict or hook

- Include setting, character motivation, and tone

- Make it original and imaginative

Make it original, imaginative, and suitable for writers to expand into a short story or novel."

Prompt 4:

"You are a creative writing generator. Based on the following inputs, create a unique and engaging story idea:

   Genre: Fantasy, Adventure, Romance

   Theme: Lost civilizations, hidden bloodlines, rebellion

   Main Character Type: A sarcastic librarian discovers he's the last descendant of an ancient race of spell-crafters when he accidentally activates a sentient map. Now pursued by empire assassins, he must journey across the ruins of a forgotten world and awaken the power of language-based magic that only he can read.

Instructions:
